EXPERIENCE

James Huie is a corporate and securities partner in Wilson Sonsini Goodrich & Rosati's San Francisco office, where he has one of the most active practices in the country representing venture-backed companies. He advises life sciences and technology companies on general corporate matters, mergers and acquisitions, initial public offerings, strategic partnerships, and private equity and debt financings. He also has extensive experience in representing venture capital firms and other investors in private equity and debt financings.

James also serves on the investment committee for the firm's affiliated fund, the WS Investment Company.
