Technology Transactions

HIGHLIGHTS

- **Strategic Commercial and IP Transactions**
Matt represents clients in collaboration, technology acquisition, licensing, mergers and acquisitions, research and development, manufacturing, and distribution arrangements.
- **A Focus on Scientific Clients**
Matt's clients are primarily pharmaceutical, biotechnology, medical device, and life sciences companies.

EXPERIENCE

Matt Wiltermuth is a partner in the Palo Alto office of Wilson Sonsini Goodrich & Rosati, where he is a member of the technology transactions practice. His practice focuses on representing clients in strategic commercial and intellectual property transactions, including collaboration, technology acquisition, licensing, mergers and acquisitions, research and development, manufacturing, and distribution arrangements, primarily in the pharmaceutical, biotechnology, medical device, and life sciences industries.

Before attending law school, Matt was a chemical engineer at 3M Company, conducting product and process development.

Matt is practicing virtually in Wisconsin, where he is licensed.
