EXPERIENCE

Lester Ang represents private and start-up companies in matters ranging from incorporation and initial capitalization to venture capital and debt financing and board fiduciary duties. He also represents public companies in securities offerings, M&A transactions, SEC reporting, and corporate governance matters. Lester works with private and public technology and life sciences companies through all stages of growth, as well as with investment banks, venture capital firms, and private equity firms.

Lester has been with Wilson Sonsini since September 2015. Prior to joining the firm, Lester was a senior tax associate at PwC, where he provided audit defense and corporate tax consulting services to private and public companies.
