EXPERIENCE

Miruna Predescu is an associate in the technology transactions practice at Wilson Sonsini Goodrich & Rosati.

Miruna advises life sciences and technology companies of all stages on various commercial and intellectual property-driven transactions. Her clients include medical device, diagnostic, pharmaceutical, biopharmaceutical, and biotechnology companies. She regularly counsels her clients on license agreements, sponsored research agreements, research and development collaborations, services agreements, manufacturing and supply agreements, and clinical trial agreements. Miruna also advises her clients on complex partnering and strategic transactions and other business arrangements.

During law school, Miruna was a legal intern at cancer detection biotech company GRAIL, a two-year-old start-up at the time, where she worked on various commercial matters.
