EXPERIENCE

Vishakha Negi is an associate in the SOMA office of Wilson Sonsini Goodrich & Rosati, where she is a member of the patents and innovations practice. She focuses on patent prosecution and due diligence matters, primarily in the fields of biotechnology, life sciences, therapeutics, and medical devices.

While pursuing her undergraduate degree at Yale University, Vishakha conducted research on the effect of the degradation of autophagic pathways on neurodegeneration in multiple sclerosis. During law school, she served as a judicial extern to Judge Gonzalo P. Curiel of the United States District Court for the Southern District of California. She also worked as a scientific advisor and patent agent with the firm during law school.

Vishakha is fluent in Hindi.
