### OVERVIEW

#### An Accomplished Trial Practice with a Formidable Track Record

Wilson Sonsini has an accomplished trial practice led by experienced litigators who have amassed a formidable track record of success representing companies, their officers and directors, and individuals in jury and bench trials heard in federal and state courts, as well as contested matters before administrative agencies.

Wilson Sonsini's trial experience—and a substantial percentage of trial wins—can be traced directly to the firm's antitrust, consumer fraud, and patent litigation practices, which have garnered significant favorable outcomes on behalf of clients since 2000. Our attorneys have also prevailed at trial in important trade secret, corporate governance, employment, and white collar criminal cases.

Wilson Sonsini's trial practice has also surged in recent years due to the success we've had representing clients before administrative panels, particularly the International Trade Commission (ITC), the Federal Trade Commission (FTC), and the USPTO's Patent Trial and Appeal Board (PTAB).
